OBJECTS OF THE INSTITUTION.

THIS Hospital has been established for the reception of Children suffering from Chronic and Incurable Disease, who are on that account excluded or discharged from General Hospitals. Although many of these patients are beyond hope of ultimate recovery, it is found that medical skill and careful nursing, together with good food and ventilation, such as cannot be obtained in the homes of the poor, will always greatly alleviate suffering; while some cases can be successfully treated, which, requiring for their cure a longer time than can be spared to them in General Hospitals, receive here continuous care for an indefinite period.

NOTE.

The Committee of the Cheyne Hospital desire to state that, owing to the special character of this Institution, it is not found possible to give "Letters of Recommendation" to those who kindly contribute to their Funds. Such Letters are practically futile, unless they carry a reasonable probability of early admission or relief; indeed they are worse than useless, because they would appear to give a promise which could not be fulfilled, and would thus lead to disappointment and misunderstanding. As the main object of the Cheyne Hospital is to undertake the continuous care and treatment of cases of deep-seated or incurable disease, which no General Hospital will accept, and to keep them for an indefinite period, it will be obvious that changes are very slow and vacancies few and far between. The *average* length of Patients' stay in the Hospital is now over two years; while many of the children remain for much longer periods. Subscribers are invited to write in reference to any case in which they may be interested, to the Secretary, who will at once, should it appear *prima facie* eligible, forward a copy of Form of Medical Certificate, on return of which duly filled in, the Child's name will be added to the list for examination and admission as vacancies arise, and in accordance with the privileges of Donors and Subscribers. (p. 6). More than this cannot in honesty be promised, and the Committee feel it due to their many and generous friends to make their position in this matter clear.

RULES FOR THE ADMISSION OF PATIENTS.

1—Such cases only are eligible for admission as have been rejected or discharged from a General Hospital, or can be shown to be unfit for treatment in such Hospitals.

2—Cases of Cancer, Consumption, Epilepsy, Ricketts, Hydrocephalus, Mental derangement or deficiency, all infectious cases, and Cripples not requiring Surgical Treatment, are not eligible. Pauper Children (that is, Children to be paid for, either wholly or in part, by the Guardians, directly or indirectly) are also inadmissible.

3—Children are admitted only between three and thirteen years of age, those recommended by Governors and Subscribers taking precedence. Patients are not retained after the age of sixteen.

4—The payment of Seven Shillings a week is required from the Parents or Friends of the Patients.*

5—No case will be put upon the List for Admission till Forms of Medical Certificate and Guarantee (to be obtained of the Secretary) have been duly filled in and signed by a qualified Medical Practitioner and responsible Guarantor respectively, and returned to the Secretary of the Hospital.

6—The Committee reserve power to refuse the name of any Guarantor without reason assigned, or to require a Guarantor to furnish references for the necessary security to their satisfaction.†

7—No Guarantee shall be withdrawn without one month's previous notice in writing to the Secretary of the Hospital.

8—Applicants for admission, unless the Doctor shall certify to the contrary, may be required to be brought to the Hospital for Medical examination before they can be admitted.

9.—Any Child who has been admitted to the Hospital, but who subsequently proves unsuitable from any cause, may be discharged upon three days' notice, sent by post to the last furnished address of the parent or guardian. The expenses of removal must be in all cases defrayed by the parents or friends of the child.

10—A certificate that the patient has not been suffering from any infectious disease, nor been exposed to infection, *must* be signed by a responsible person, cognisant of the facts, and be *brought with the child*.

11.—Any alteration in the address of the patient while awaiting admission should be at once notified to the Secretary.

* Certain Free and Assisted Cots have been founded for specially necessitous cases. Applications for vacancies in these must be accompanied by full particulars of the circumstances of the family; and it must be borne in mind that the Committee only occasionally have these Cots at their disposal.

† The Guarantor should be a householder (or the wife of a householder) rated at £40 or more per annum. Unless the parents make regular weekly payments at the Hospital, the Guarantor is requested to arrange to receive their contributions and remit the maintenance charge quarterly.

PRIVILEGES OF DONORS AND SUBSCRIBERS.

1—Donors of not less than Fifty Guineas (£52 10s.) in one sum and Annual Subscribers of Ten Guineas (£10 10s.) and upwards (during the continuance of such subscription) are thereby constituted Governors, and are entitled to attend and vote at the Annual Meeting of the Committee of Management, and to nominate one suitable case for admission annually, such cases having precedence on the list over those recommended by other Subscribers.

2—All Annual Subscribers of One Guinea and upwards are entitled to recommend one suitable case annually, during the continuance of such subscription; such cases taking precedence on the Admission List over those not so recommended.

EXECUTORS.

One of the Executors of every person from whose estate a Legacy of Fifty Guineas or upwards shall have been received by the Hospital, shall be entitled to the same privileges as a Donor of Fifty Guineas.

LIFE COT ENDOWMENTS.

1—A Donation in one sum of Three Hundred Pounds (£300) endows a Free Cot for the period of the life of the Donor, who is entitled to name it and to nominate eligible patients thereto as vacancies shall arise therein.

2—A Donation in one sum of Two Hundred and Fifty Pounds (£250) endows a Half-Payment Cot for the period of the life of the Donor, who is entitled to name it and to nominate eligible patients thereto as vacancies shall arise therein.

Life Cot Endowments, ceasing upon the death of a Donor, may be converted into Permanent Cot Endowments by the Payment within twelve months of the death of the Donor, either by Bequest or otherwise, of the further sum of Seven Hundred Pounds in the case of a Free Life Cot Endowment, or of Five Hundred Pounds in the case of a Half-Payment Life Cot Endowment, free of Legacy Duty.

COT SUBSCRIBERS.

1—An Annual Cot Subscription of Forty Pounds (or a Donation in one sum of One Thousand Pounds), entitles the Subscriber to name a Free Cot, and to nominate an eligible patient as often as the Cot becomes vacant; no further payment being required on behalf of the occupant.

2—An Annual Cot Subscription of Thirty Pounds (or a Donation in one sum of Seven Hundred and Fifty Pounds), entitles the Subscriber to name a Half-Payment Cot, and to nominate an eligible Patient as often as the Cot becomes vacant; the weekly payment of three shillings and sixpence being required from the parents or friends of the occupant.

3—A Donor of £250 in one sum is entitled to *name* a Cot in perpetuity, but without the right to nominate the occupants thereof.

The past year is marked as one of expansion, a shelter having been erected on the roof of the building to enable tuberculous and other patients to receive treatment in the open air and sunshine, as referred to below.

THE NICHOLSON HOSPITAL COURTYARD DURING SCHOOL HOURS

Mr. J. Prime Bartlett reports :—

“On the whole the cases have done well. Several cases of Hip Disease have been discharged cured, and also two cases of Acute Chorea, but owing to a sharp outbreak of Tonsilitis in September and Influenza in December many of the heart cases have been thrown back, at least one third having contracted the epidemic.

Olga Orgagua—Suffering from Endocarditis has been very ill with Pleura Pneumonia but is now progressing well.

George Arthur Todd—was admitted February 3rd suffering from Rheumatic Fever, Endocarditis and Pleural Pneumonia, both lungs. He is now getting on well.

Walter Wright—Was admitted on January 19th very ill indeed with Diabetes Mellitus. This child was extremely emaciated and appeared almost mental, but he has improved steadily, gained weight and is quite intelligent and gets up. Quantity of sugar steadily decreasing with dieting and iron.

John Smith—Tubercular Hip—has done exceptionally well. On admission from Guy's Hospital, September 29th, 1922, he had every symptom of an abscess forming in the hip, but with the use of a Double Thomas Abduction Splint and extension with 8lb. weight on the injured leg, all this steadily subsided and he was discharged on July 31st, 1923 walking with crutches and wearing a splint, and since then he has been seen and is quite cured.

Esther Liebman—Was admitted December 17th, 1920, in a very critical condition and several doctors had given her up as quite hopeless, suffering from Aortic and Mitral Disease and enlargement of liver and spleen. While here she had two attacks of Bronchial Pneumonia with Dropsy, but improved steadily from April, 1922, and was well and able to get up in June, 1922, and discharged February 13th, 1923. Still doing well.”

Mr. Gwynne E. O. Williams reports as follows :—

“The opening of the open-air roof ward has enabled the treatment of tuberculous conditions to be carried out satisfactorily; one case of tuberculous hip, in which it seemed at one time that amputation would be necessary to save her life, is now doing well, while several others are healing in a way which has not been previously

experienced at the Cheyne Hospital. Cases of osteomyelitis of a non-tuberculous nature are improving in a most remarkable way.

It has been very striking the way in which cases with fever have lost their raised temperature, so that a normal temperature chart is the usual state of affairs.

These facts show that the apparent good physical condition of these children, which can be seen on a visit to the roof ward, is accompanied by a real change in their reaction to disease.

When it is realized that during the last three months the climatic conditions have been bad, it can be hoped that in the summer the results will be more remarkable.

Next winter it is hoped that the light treatment will be in full working order so that there will be a substitute for the sun in the dark days.'

Partly owing to the increased number of available cots thus provided, a larger number of patients were admitted than in any previous year. The number discharged as cured or benefited has been well above the average.

Roof Ward, &c.

After careful consideration, it was decided to remove the roof of the building in Cheyne Walk, so as to create a flat surface all over the house. On the space thus provided, an open shelter has been erected, enabling about sixteen patients to live in the open air. In front of the shelter there is sufficient space for the cots to be placed completely in the open, where they can receive sun-cure treatment, which is found to be of the greatest value in tuberculous and other cases.

Work was begun on the 5th March, but, owing to the builders' strike, progress was greatly delayed and it was not until July that the new ward could be occupied. The alterations necessitated the replacing of all the water-tanks, the provision of a larger boiler and re-arrangement of service pipes, the erection of a bath room and offices, together with the installation of an electric passenger lift to carry from the basement to the top of the building, and the extension of the fire-escape staircase.

On the 19th July, the Countess of Cromer, accompanied by the Earl of Cromer, most kindly opened the ward. Lord

Sterndale presided at the ceremony, which was attended by a large gathering of supporters and well wishers of the Hospital, in spite of inclement weather.

After the opening H.R.H. the Duchess of York visited the Hospital and expressed herself as being greatly pleased with the improvements made. She has since then most kindly given her consent to the ward being named :

“Duchess of York Ward.”

Miss Freda Mackenzie and Mrs. Alec Waley provided a small orchestra which played a selection of music during the afternoon. Messrs. W. J. Henderson & Co., 351 Fulham Road, S.W.3, temporarily installed a loud speaker wireless apparatus to enable the children to listen in to the special message which was given out on their behalf by the British Broadcasting Company.

To all the above the Committee tender their sincerest thanks for their valued help.

At St. Nicholas Hospital the whole of the court-yard in front of the shelter has been raised to the level of the shelter floor to enable the cots to be wheeled more easily out into the open air and sunshine. This alteration is a valuable improvement as it saves the straining of the cot legs, and greatly reduces labour for the nursing staff.

The cost of the new roof ward and of the other alterations noted above has been heavy, amounting, together with the necessary equipments, to over £3,800.

Of this amount £1,324 has been specially contributed, principally by well wishers on the Stock Exchange, by the help of the Hospital's Treasurer. To all who have thus assisted, the warmest thanks of the Committee are tendered.

The balance of about £2,500 has been paid out of the accumulated funds of the Hospital, and an earnest appeal is made for help to replace this expenditure, and to enable full work to be carried on.

Education.

A full number of classes were held during the year and the Board of Education Inspector expressed great satisfaction with the progress made. The patients benefit materially by

having their thoughts diverted to subjects other than their own ailments, and they also have the benefit of discipline and are well prepared for further education when they leave after their long stay in the Hospital.

Cots.

It is gratifying to report the endowment of another Life Cot, which has been named the "Hazel Isabel Rauthmell" Cot.

Finance.

His Majesty The King has again graciously sent a gift of £5 as a Special Christmas Donation.

H.M. Queen Alexandra has graciously contributed £100 from the fund placed at her disposal by the Alexandra Day Committee.

T.R.H. The Prince of Wales and Princess Victoria have also sent Gifts of £5 each.

The following contributions, amongst others, are gratefully acknowledged :—

A further sum of £695 has been received from the Combined Hospital Appeal, per King Edward's Hospital Fund for London. This is a most welcome contribution which has

considerably reduced the loss shown on the year's working. The sum of £36 9s. was also received on account of tickets sold by the Hospital for the Great Hospitals Competition.

The ordinary Expenditure of the two Hospitals has again exceeded the ordinary Receipts, the deficit amounting to over £1200.

Expenditure.

There has been little, if any reduction in the cost of provisions, materials, etc., during the year, and the aggregate Ordinary Expenditure is practically the same as it was last year. The average cost per week of each In-patient has been only £1 14s. 3d. at Cheyne Hospital and £1 6s. 2½d. at St. Nicholas Hospital. These averages are practically as low as in any London Hospital and much lower than in most of them.

Legacies.

Legacies have been received from the Executors of the late Mrs. Edward Phillips, £500, and from the Executors of the late Mrs. Whitaker, £50.

General.

The Committee greatly regret to record the death, on the 16th August, of their Chairman and Trustee, The Rt. Hon. Lord Sterndale, Master of the Rolls.

Lord Sterndale joined the Committee and became its Chairman in 1921, and took the greatest interest in the welfare of the Hospital. He presided at a meeting of the Committee on the 8th August when he appeared to be in good health, but only eight days later he died suddenly at his country residence. The Committee greatly miss his valuable help and wise advice.

The Rt. Hon. The Earl of Cromer, a Vice-President of the Hospital, has most kindly consented to be Chairman of the Committee, and it is confidently felt that, with his help, the Hospital will steadily increase in prosperity.

The Committee have also been fortunate in securing the addition to their number of R. T. Watkin-Williams, Esq., who has had considerable experience in Hospital management. He has kindly consented to act as Chairman of the House

Committee which has been formed to meet the increasing work of the management of the Hospital.

The Committee are also very pleased to welcome Mr. Alderman J. E. Jefferson Hogg (Mayor of Chelsea) as a Vice-President and Member of the Committee.

A Harvest Festival was held at Cheyne Hospital on the 12th October, conducted by the Rev. C. S. Woodward, Vicar of St. Peter's, Cranley Gardens, and at St. Nicholas, on the 10th October, conducted by Rev. H. E. Trimmer, Vicar of St. Nicholas, to both of whom the Committee tender their very sincere thanks.

Since the fall of the year, it has been decided to instal in the Hospital arc lamps for the electric light treatment of Tuberculous and other cases. This treatment is considered by modern Medical Science to be paramount during the dark winter months when little or no benefit can be derived from the sun's rays. The Committee very much appreciate the kindness of Mr. Reginald Poole who has defrayed a considerable portion of the expense which will be necessarily incurred in the provision of such apparatus. The work is in hand and it is hoped to commence treatment in February.

The Committee tender their sincere thanks to Dr. and Mrs. Brunton for their generous gift of a Dulcitone Piano to the St. Nicholas Hospital. This instrument gives great pleasure to the children. They also cordially thank Mr. Smith of St. Nicholas for his great kindness in placing a grassed plot, outside the Hospital grounds, at the disposal of the patients for the purpose of a playground.

Committee.

The following members of the Committee of Management, viz., H. Mostyn Pritchard, Esq., Miss Peirse-Duncombe and Mrs. C. Lyon Sidey retire at the Annual Meeting in order of seniority of their appointment, and are eligible for re-election.

Signed on behalf of the Committee of Management,

CROMER, *Chairman.*

LEONARD F. HARRISON, *Treasurer.*

NEEDLEWORK GUILD (St. Nicholas Hospital).

The year's work of the Guild has been most satisfactory, although there is a slight decrease in the number of garments received.

It is with much regret that Mrs. Percy Champion and Mrs. A. Packham have resigned during the year. New Vice-Presidents and members are much needed.

Vice-Presidents are responsible for collecting twelve garments each year. Members to give two garments annually.

The Matron wishes to tender her sincerest thanks and appreciation to Miss Hilda Laurie, Secretary of the Guild, and to the many kind friends who help to support this effort.

THE "ST. NICHOLAS COT" LEAGUE.

Committee: Miss Penn (Chairman), Mrs. Blakeway, Mrs. S. Champion, Mrs. Murphy, Miss Money, Miss Ramsey, Mrs. Reid, Mrs. Willett, Mrs. White and Miss Laurie (Hon. Sec. and Treasurer).

The League's report this year shows receipts to the amount of £120 9s. The Committee have again to thank Mrs. Fellows for so kindly contributing £19, being the third part of profit made by a Whist Drive.

Mr. L. Ramsay still continues to subscribe £40 for the maintenance of "St. Augustine's Cot," for which the Committee are deeply grateful.

Good progress has been made by all the patients occupying the three League Cots. The child who was in the "St. Nicholas Cot" at the beginning of the year was discharged cured and the Cot is now filled by another patient who is doing well. The occupant of the "St. Augustine Cot" will be discharged before this Report is in print, and the child in the "St. Thomas Cot" is getting up daily and is doing well.
